## ARE YOU LOOKING FOR NEW BUSINESS ? - We Have The Answer

Xtender gives you direct, daily access to tender opportunities from National, Regional, Local Governments, Private Sectors as well as Health, Educational and European Organisations

Using Xtender technology we can build an in-depth profile of your business and deliver any tendering opportunities, which match your industry and country preferences.

Public-sector organisations are good customers. They have to be fair, honest and professional in the way they choose suppliers and in their dealings with them. They are also long standing and stable customers, and have to pay promptly in line with agreed contract terms.

**Our service is the most competitive available :-**

**£450 (€575) per annum (excl. VAT)**

## WHAT XTENDER GIVES YOU EVERY DAY

- **Daily Tender Alert.** A description of any Tenders that may be of specific interest to you. This also links you to the full Tender document.
- **Early Warning System.** Prior Information Notices (PINs) of Tenders coming later in the month or year.
- **Awards.** Details of Tender awards and which supplier or contract received them. Also details as to whether the award is likely to be sub-contracted.
- **Keep Colleagues Informed.** In addition to the information we send to you each day, we will also send a copy to your colleagues to keep them informed - all part of the service, no extra charge.
- **Plus:**
  - Advice on all aspects of the tendering process.
  - Email and telephone support.
  - Full website access.
  - Access to XTENDER database.

## NEW BUSINESS DELIVERED TO YOUR DESKTOP - The Way Forward

Xtender brings Tender information for all sizes of contracts across all market sectors. In addition to higher value, above EU thresholds notices published on the OJEU, we source many lower value contracts.

We are able to break down the information into specific geographic regions. If you are interested only in Tenders within a certain area or region, we can code this into your profile.

Our database is updated every day, all notice types are included. Our database is available on-line through our website 24/7 - all part of the service.

Your profile can be maintained on-line and changed as often as required. Facilities are available to "back-fit" changes and see your current profile matched against previous documents.

 **SUBSCRIBE TODAY** - Your service starts immediately.

Just log on to [www.xtender.com](http://www.xtender.com) and click 'SUBSCRIBE'
